This is the only core bit of its kind on the market today. The standard dry bit was designed to drill concrete block ONLY. This bit drills it all and stays together. Over 6 years of research and development have gone into the construction of this core bit.

Some of its features:

- Virtually indestructible (when ample cooling is followed)
  - Drills cured concrete, block, marble, granite
    - Fast cutting, long life
  - Proven, tested new design
    - Will not lose the segment
      - Rebuildable
