10" barrel with 5/8-11 threads on top. Turbo segments for fast coring. When this was written as far as we know this is the only core bit on the market that will core cured concrete dry. You must adhere to the RPM's we recommend. Unlike the other dry core bits on market that are only for concrete block, this barrel has no vent holes, so you can use vacuum system.

We also offer 18mm to 5/8-11 thread adapter @\$45.00 list.

Many customers proclaim the wonder of this core bit. We have hardly any segment loss. You must adhere to our RPM recommendations, you can not put on right angle grinder and turn at 7 to 9000 rpm's.

Prices are subject to change without notice due to freight and inflation costs
 We reserve the right to ship next higher quality product if we are out of stock
