16" x 250 x 1	476.00	jddem16

These blades use a standard core with bits of carbide fused together and welded onto the core. Can be run in opposite directions alternately. Will cut thru tar and gravel roofs, cinder block, railroad ties, pallets, tree roots, frozen ground, drywall, most rubber materials and much more. Used by contractors cleaning out old tarred joints, fire and rescue teams in cutting thru roofs. Great for cleaning out old caulking out of concrete joints. For use on a 4-7" grinder... use either wet or dry.

Prices are subject to change without notice due to freight and inflation costs. We reserve the right to ship next higher quality product if we are out of stock.
